

New Zealand Next Generation Sequencing Conference

PALMERSTON NORTH CONVENTION
CENTRE, PALMERSTON NORTH,
NEW ZEALAND

23 – 24 August 2011

International and national speakers will present current research and the latest bioinformatics tools using Next Generation Sequencing. Topics include new applications, data management and evaluation, sequence assembly and transcriptome analysis. Rapidly changing sequencing technologies will be explored with a review of the latest technical advances. Research and tools from all three major Next Generation Sequencing platforms (SOLiD, 454 and Solexa) is presented at this meeting.

Two workshops are associated with the Conference. A half-day workshop for beginners to the field of Next Generation Sequencing will run on Monday 22 August. A half-day workshop focussing on advanced techniques will run on Thursday 25 August.

Registration

Registration is NZ\$285 + GST for earlybird registrations before 15 July 2011 with the rate increasing to NZ\$355 + GST from 16 July 2011. Registrations close on Friday 5 August 2011.

For more information and to register follow the links from www.nzconferences.org.nz
