

New Zealand Next Generation Sequencing

**DUNEDIN ART GALLERY, THE OCTAGON,
DUNEDIN, NEW ZEALAND**

21 – 22 AUGUST 2012

International and national speakers will present current research and the latest bioinformatics tools using Next Generation Sequencing. Topics include genomics, transcriptomics, new applications, data management and evaluation. Rapidly changing sequencing technologies will be explored with a review of the latest technical advances.

Research and tools from the major Next Generation Sequencing platforms will be presented at this meeting.

Two workshops are associated with the Conference. A half-day workshop for beginners to the field of will run on Monday 20 August. A half-day workshop focusing on updating users in the latest in software and procedures will run on Thursday 23 August.

Registration

Numbers are limited. Registration is NZ\$300 +GST for earlybird registrations before 30 June 2012 with the rate increasing to NZ\$400 +GST from 1 July 2012. Registrations close on 3 August 2012.
