

New Zealand Next Generation Sequencing Conference

**DUNEDIN ART GALLERY
DUNEDIN, NEW ZEALAND**

12 - 13 AUGUST 2014

International and national speakers will present current research and the latest bioinformatics tools using Next Generation Sequencing. Topics include new applications, data management and evaluation, sequencing assembly, and transcriptome analysis. Rapidly changing sequencing technologies will be explored with a review of the latest technical advances. Research and tools from the major Generation Sequencing platforms will be presented at this meeting.

Two workshops are associated with the Conference. A half-day workshop for beginners to the field of will run on Monday 11 August. A half-day workshop focusing on advanced techniques will run on Thursday 14 August.

Registration

Numbers are limited. Registration is NZ\$325 +GST for earlybird registrations before 4 July 2014 with the rate increasing to NZ\$425 +GST from 5 July 2014. Registrations close on 28 July 2014.
